

## Annual Valentine's Luncheon February 9, 2018

This luncheon was started by PegE Orem, a long-time Woman's Club member, who loved a party. The first couple of years were held at Londonderry and PegE footed the bill so the cost to attend went to Green Thumb projects. PegE was assisted by her daughter-in-law Karen. That first year Betsy Taylor, who has since moved from the area, suggested attendees bring a small bouquet to share. After PegE died, the tradition was continued with the luncheon being prepared by a Green Thumb Committee. We still bring flowers to share and all go home with something wonderful to grace our home.

**This year's co-chairs were Val Kenn Gray and Cathy Mendenhall.**
